TOEIC	We are teaching systematic TOEIC class to achieve the constant score even the type of TOEIC test changed through not to memorize the formula but to learn how to use English properly. We are stressing on listening part so that students could achieve the best score through improving vocabulary, listening, speaking, and reading comprehension of TOEIC test.
COMPOSITION	It is the class to compose phrase and expression using pattern and vocabulary. In addition, teachers assigned review the essay of students and give advice and correction through the essay creation program with theme.
CNN	It has been the best program of CEBU JIC for 10 years which was the first introduction by CEBU JIC in Philippines. Students could learn more advanced and scientific comments on current topics through news reading, listening, dictation, special vocabulary learning, and group discussion by theme after watching news clips and videos.
GRAMMAR	It is the program to learn English grammar in fun and easy which is to be felt difficult by using ' Gram-mar in Use ' which is quite popular in Korea. It is consisted with the basic grammar and the fundamental elements of learning high class English by listening, speaking, reading, and writing as the basic ways.
CONVERSATION	It is the class to have discussion between teachers and students by themes through presentation and news articles with native speaking instructors. It is also helping for students to use an advanced level of English by correction of pronunciation and accent that it could lead students to better learning in university and getting job through learning presentation skills which has been getting more important in these days.
PUBLIC SPEAKING	It is the class to share ideas with classmates and understand others' views and thoughts through the various situations and themes with the improved capability of using English which gained by 1 on 1 class. It also provides chances that students could learn more practical English skills through communication and feedback on their thoughts and feeling under various situation and circumstances.
TOEIC SPEAKING	It is the class to prepare the TOEIC speaking test which has been mostly preferred among English speaking capability tests which are getting more emphasized for the employment examination. Students are preparing for the examination by reading comprehension practice and learning interview skill using TOEIC speaking and other material through 1 on 1 and group class.
JUNIOR	It is the program for only junior that using junior textbook and participating speech contest they could get over the fear of English through the pleasant discussion and upgrade English skill.

LEVEL SYSTEM & CLASS PROCESS

We could offer the custom designed class by alignment of class based upon individual's preference.

CEBU JIC's level evaluation is determined by listening, writing, and speaking test which is developed by CEBU JIC itself. TOEIC and IELTS score are just for the reference for the relative assessment.
